

LOCAL BRIEFS

See executor's notice elsewhere. Read the announcement of D. L. Stevenson. J. B. Barley announces himself this morning. See G. Y. Langford's announcement elsewhere. Read nomination of Rev. J. P. Isenhower elsewhere. A pest house will be built on Bene's Hill just east of town. The Greenbrier school, taught by Miss Bessie Lyles, closed on Thursday. Mr. W. B. Creight, whom we reported last a few days ago, is out on the streets again. THE NEWS AND HERALD office returns thanks to Miss Sallie Garrison for some delicious ice cream. We have received a car of cotton seed meal and can fill customers' orders. Fairchild Oil & Fertilizer Co. crush snits, slops, coals and vests, and many other things to interest you in Williford's advertisement. The fire department has received 800 feet of new hose, and the engine was out on Friday afternoon testing them. It was reported on Monday that a case of smallpox had been discovered in Chester. That town has been quarantined against Columbia. Offer the balance of my millinery stock at cost. Persons desiring anything in this line will do well to call before purchasing. Mrs. J. D. McCarley. The oat crop is reported unusually good this year, but we do not hear anything about wheat. "Dollar wheat" ought to have tempted farmers to plant it. Mr. J. L. Robinson gave an entertainment on Thursday night in honor of Miss Bessie Lyles. Quite a number of Mr. Robinson's friends from Winnsboro were invited. Read the advertisement of J. D. McCarley & Co. in this morning's issue. They advertise a big stock of groceries of every description. They say it will pay you to spend your cash with them. The Jackson Creek Rifles were to meet last Saturday for the purpose of reorganizing the company, but we had not heard at the time of going to press what was the result of the meeting. A cordial invitation is extended to all to the closing exercises of Morgantown school on Saturday, June 4th. The exercises will consist of an address or two after which will be a basket picnic. A telegram was received in Winnsboro on Tuesday saying that Sampson had demolished the Spanish fleet, but unfortunately the news was not confirmed. Such news was expected, and a great deal of rejoicing followed its receipt. Local news was unusually scarce on Monday. Everybody was rejoiced to know that Schley had really seen the Spanish fleet in the harbor of Santiago, and had it bottled up. People on the streets were so much interested in this that it was hard to pull news out of them. It was reported in Winnsboro on Friday that Dr. F. D. Kendall, of Columbia, had smallpox. Dr. Kendall is the physician who said the disease which is prevailing in Columbia is nothing more than chickenpox. So we presume he would pronounce his own case chickenpox. The telephone exchange started regularly to work on last Wednesday, and while we are generally careful not to give free advertisement to such concerns, this being in the nature of a quasi public enterprise we do not hesitate to say that it is a very satisfactory system. The work has been well done, and the 'phones are very satisfactory. The picnic which was to have been given at Lebanon school house has been indefinitely postponed. A number of candidates had been invited, and we know they will be sorely disappointed. There is so much change in the State that those in charge of the picnic thought it would be best not to have so many people congregate just at this time. The telephone calls will be answered any hour of the night in case of extreme emergencies, such as calls for a physician, and on Sundays in like circumstances. Central office has a night bell which continues to ring until a response is made. Subscribers are not expected to make calls on Sunday or at night after ten o'clock, except for the purposes just mentioned. It is remarkable into what general the telephones are becoming. It is not at all improbable that country neighborhoods will be connected with each other and with the towns. We mentioned a few weeks ago that the line to Mr. Hugh Wylie's would be extended to Mr. T. L. Lohman's. This has been done, and now Mr. Johnston is in communication with Winnsboro and Chester and all intermediate points. It has been currently reported on the streets here that F. E. Hinnett of Ridgeway is making an effort to get up a company to go to Cuba. Mr. Hinnett is a graduate of the Citadel Academy and is now principal of the Ridgeway High School. It is said that a great many young men at Ridgeway and in the surrounding country have been anxious to go to the front. It would be gratifying if Fairchild should succeed in sending a company. It is true that the county is represented in companies from other counties, but a distinct Fairchild company would be better. Belief in six hours. Distressing Kidney and Bladder disease relieved in six hours by "NEW GREAT SOUTH AMERICAN KIDNEY CURE." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by W. E. Aiken, druggist, Winnsboro, S. C.

PERSONAL

A. F. Ruff was in town on Wednesday. Mrs. Roache of Rock Hill, is visiting Mrs. A. Williford. Judge O. W. Buchanan came up from Beaufort on Saturday. Mrs. D. B. Galliard and her son are visiting relatives in town. Rev. Davidson Douglas preached at Lebanon Church on Sunday. Miss Laura E. Gerig returned from a visit to Orangeburg Wednesday. Mrs. E. P. Wright returned from a visit to Charleston and other points on Wednesday. Mrs. W. T. Blakely and children, of Ora, Laurens County, are on a visit to relatives in town. Miss Stricker, of Chester, who has been visiting Mr. McBride Smith, returned home Thursday. Dr. and Mrs. W. E. Aiken went to Washington on Thursday to visit Mr. and Mrs. C. A. Douglas. Miss Charlotte Allison returned to Winnsboro Friday afternoon, after an absence of several months. Edgar Matthews went to Cornwallis on Monday to look through W. McKown & Sons shop at that place. Miss Lulu McLeod who has been teaching the Lebanon school returned to her home in North Carolina Saturday afternoon. Mr. P. Ketchum, of Pike City, Cal., says: "During my brother's late sickness with sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which the liniment affords. For sale by McMaster Co. druggists. UPPER LONGTOWN BRIEFS. The farmers are getting along nicely with their work. Cotton is now being chopped. There is great complaint of defective stands. March cord is looking well. Gardens are suffering considerably for lack of rain. Small grain will soon be ready for harvesting. Very little wheat was sown in this section, but a considerably large acreage was sown in oats. Fall oats are certainly fine. Mr. J. D. Harrison has sixty acres of oats on the river that are certainly fine. There was a double wedding in Longtown on Thursday night—Miss Alice Moore, of lower Longtown, and Mr. Tom Lightfoot, of Orangeburg, and Miss Mary Smith and Mr. T. M. Haynes, both of upper Longtown were the contracting parties. Rev. J. E. Jones performed the ceremony. We extend our best wishes to the newly married couples. E. H. D. May 28, 1938. A GOOD SUGGESTION. Mr. Editor: As there has been a goodly number of Fairfield's young men enlisted in different companies for the Spanish war, and no separate company has yet been formed from this county, of which a roll will be preserved, it strikes me that it would be a good plan to have a record of all who have gone, and may yet go in other companies, filed in the court house. The matter was suggested to me a few days ago by an old Confederate Veteran, and I now make this proposition, as the clerk's office is an office of records anyway. I will take pleasure in procuring a book for the purpose, and enter every name furnished me by the friends of the young men who have gone or may yet go, and file the book in this office for inspection by the public as other records are filed. If our people fall in with this idea, let them furnish the names of their sons, brothers or wards, with the company in which they enlisted, the captain's name, and the arm of service, whether infantry, artillery, cavalry or navy, engineer corps, etc. Very respectfully, R. H. Jennings. Success—Worth Nothing. 40 years' success in the South, proves Hughes' Tonic a great remedy for Chills and all Malarial Fevers. Better than Quinine. Guaranteed. Try it. At Druggists. 50c. and \$1.00 bottles. CAPT. JAS. MANN. Mr. Editor: There being a slight error in your issue of to-day in regard to the burial of Capt. James Mann, with your permission I offer for publication the following: Capt. James Mann was born in Fairfield County, S. C., September 6th, 1811. He commanded for a number of years the militia company at Horeb under the old regime, and hence his title as captain. He was married on the 3rd of July, 1845, to Miss Mary Ann Friday, who was truly a help-mate for him. They lived happily together for nearly fifty-three years, she preceding him to the spirit land about two months. They were both buried at Bethel Church and not at Horeb. They had three sons, David N., now living at Reddick, Florida, Thomas F., who died several years since, and Samuel Laurence, now living on the old homestead. Capt. Mann and his wife were both members of Horeb Presbyterian Church for many years. The writer well remembers when he was a boy that Capt. Mann and Robert McDill used to sit in the clerk's desk in front of the old fashioned, tall, barrel-pulpit, and raise the tunes for the service. Those were the days when Mr. Hay, Mr. Brearly, Mr. Logan and others were the preachers, and the membership was strong both numerically and financially. This old couple, who have so recently passed from this stage of action, leave behind them a large circle of relations and friends, who remember them with loving affection. Peace to their ashes. R. H. Jennings. Winnsboro, May 24, 1938. A Satchel in Time Saves Nine. Hughes' Tonic (new improved, taste pleasant), taken in early spring and fall prevents Chills, Dengue and Malarial Fevers. Acts on the liver, tones up the system. Better than Quinine. Guaranteed. Try it. At Druggists. 50c. and \$1.00 bottles. AFRICANA will cure Constipation and is a wonderful Liver Medicine. Try It.

According to a celebrated anatomist there are upwards of 5,000,000 little glands in the human stomach. These glands pour out the digestive juices which dissolve or digest the food. Indigestion is want of juice, weakness of glands, need of help to restore the health of these organs. The best and most natural help is that given by Shaker Digestive Cordial. Natural, because it supplies the materials needed by the glands to prepare the digestive juices. Because it strengthens and invigorates the glands and the stomach, alone. Shaker Digestive Cordial cures indigestion certainly and permanently. It does so by natural means, and therein lies the secret of its wonderful and unvaried success. At druggists, price 10 cents to \$1.00 per bottle. FARMERS' INSTITUTES. The trustees of Clemson College request the farmers in each county to organize clubs to be known as Auxiliary Experiment Clubs, the general head of which shall be Clemson College Experiment station. Each club shall have the privilege of sending delegates to the Annual Farmers' Institute at Clemson College, which shall continue one week. Each club shall select their own delegates, not more than five from each club. Accommodation will be provided in the barracks at actual cost, which will be about 50 cents per day. These clubs when organized shall consist of a president, secretary, and executive committee, of five members, who should be elected as soon as possible, and be located in some central position in the county. The executive committee shall have authority to make arrangements for holding institutes in their county after this year, and to determine the place, &c. These clubs when organized shall send to Prof. J. S. Newman, Clemson College, S. C., professor of agriculture, and vice-director of the station, notice of their organization, and a list of their officers and members. These clubs shall be permanent, and if desirable, officers may be elected for two years. The members of the club shall be entitled to the following: (1) To attend to agriculture, and horticulture that they may desire, and will be invited to correspond with the agricultural department in all matters pertaining to their interest, and it will be desirable that these clubs shall co-operate with the experiment station, and make experiments that may be suitable to climate, to soil and industry, and to furnish information to the department. The department will take pleasure in furnishing these clubs with bulletins, and any other thing which they may have for distribution. But one club shall be organized in each county. In accordance with the foregoing, we hereby call a meeting of the farmers of Fairfield on Saturday next, June 4th, at 3 o'clock, to meet in Winnsboro for the purpose of effecting such an organization. Twenty Years Proof.

Tutt's Liver Pills keep the bowels in natural motion and cleanse the system of all impurities. An absolute cure for sick headache, dyspepsia, sour stomach, constipation and kindred diseases. "Can't do without them" R. P. Smith, Chilesburg, Va. writes I don't know how I could do without them. I have had Liver disease for over twenty years. Am now entirely cured. Tutt's Liver Pills RUBBLE FROM THE QUARRY. Intendant W. H. Jamison has established a rigid quarantine against Simpson's and One Hundred Mile siding, and has several of his most efficient officers guarding the roads leading into the city of Rion. Rion has sent 44 men to the volunteer service of Uncle Sam, and I am reliably informed that they have been appointed to some of the most responsible positions in their respective commands. 22 are cooking, 10 driving ambulance wagons, 10 hospital stewards and 2 expecting much harder jobs. I am afraid that we will have to ask the U. S. Government for their return unless the fight between Greenbrier and Rockton ceases. F. Connors says if we do capture twelve of the Spanish fleet, he will certainly invest in a bottle of I. X. Charley Prouse will invest in "Munally's Bonbons" and H. B. gum drops, all by express. He should surely patronize Walling and Timman, as they keep a fine French "lucker mixture", and it lasts much longer in the month. The Rion "Home Guard Reserves" are out every night drilling. Corporal R. T. Robert is drill master. The Columbia daily papers are received at the quarry at 3 p. m. "Hay mail"—unless. The following are the late arrivals at the quarry and are stopping at the "Revere House": F. Connors, Florence, Italy; T. Farns, Rome, Italy; S. Maranchi, Florence, Italy; P. McCurdy, Greenwood, S. C.; Jas. A. Bailey, Richmond, Va.; J. P. Welsh, Charleston, S. C.; C. Prouse and O. Prouse, Mary Street, Charleston, S. C.; C. Fader does not recollect where he came from. Several other arrivals, but they are stopping at the private boarding houses. Rion, May 26, 1938. Incontinence of water stopped immediately by Dr. E. DeChoir's Anal Diarrhoea. On Monday evening about 10 o'clock the fire alarm was sounded and it was soon found to be a fire on the edge of the town. Fortunately the house was a small one and the wind blowing in a favorable direction or several others would have been burned also. The house was owned by Mr. C. P. Wray, and was rented by Lottie Ford, a respectable colored woman. The fire started from the inside of the house and when discovered it was too late to save anything. Several families lost their week's laundry in the fire. On Sunday morning, at the Baptist Church, a sermon was preached by the Rev. Jabez Ferris on baptism. Several were baptized, and at both the morning and evening service large crowds were present. Miss Belle Moore has returned from a month's stay at Okhurst, S. C. Mrs. A. T. Moore has gone to visit her parents at North's. Miss Stella Bosborough, of Augusta, is visiting Mrs. G. L. Bosborough. Prof. Wm. Hartin, principal of the graded school at North's, has returned to spend the summer at home. Dr. W. Taylor Edmunds, of Eatwille, spent Sunday here. Miss Ada Cureton, of Winnsboro, paid us a flying visit Wednesday. Mr. Samuel Smith, of Charlotte, was among the visitors this week. Rev. Henry Pooser, of North's, is visiting Mrs. A. T. Moore. Lawrence Parker, of the Catawba Rides, is home on a furlough. Mr. Jas. Parker, of Rock Hill, spent Sunday here. Miss Pearl Porter, of Winnsboro, is visiting Mrs. Jas. Coleman. Dr. Henry Fleetwood Hoover, of Hampton, is expected here in a few days. Dr. Hoover will practice here. Capt. Wm. Gilbert, chief of police of Winnsboro, is now one of our daily visitors. Much to the regret of the entire congregation of St. Stephen's Episcopal Church, Rev. Mr. Allison ceases to have charge of the church here. For some time Mr. Allison has been unwell and his health will not admit of his doing so. While parting with him with deep regret, we wish him long years of usefulness in his work at Winnsboro. Until a minister can be gotten, Rev. Alex. R. Mitchell, of Columbia, will hold service here once each month. The board of health made a thorough examination of all the town this morning. Several reports were made and it is hoped the council will see that the changes ordered are made at as early a date as practicable. D. E. Ridgeway, May 27, 1938. A Narrow Escape. Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. Rugg's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at McMaster Co.'s drug store. Guaranteed or price refunded. \$1.00. Guarantee or price refunded. AN ORDINANCE To Prevent the Introduction of Infectious and Contagious Disease into the Town of Winnsboro. Whereas it has been brought to the attention of the Town Council of the town of Winnsboro that smallpox exists and is epidemic in the city of Columbia, S. C., and it is deemed advisable by the Board of Health of the town of Winnsboro that a strict quarantine be maintained against all travel from places where the said disease exists; therefore, BE IT ENACTED by and ordained by the Board of Health of the town of Winnsboro, in council met, and by the authority of the same: SECTION 1. That no person coming either directly or indirectly from the city of Columbia, or from the city of Sumter, or from any place or places where the disease of smallpox exists, or who has been within twelve days before coming to the town of Winnsboro, shall be permitted to stop within the corporate limits of the town of Winnsboro. SECTION 2. That any person coming within the said town of Winnsboro against the provisions of this ordinance may be designated as such person as may be designated by the Board of Health for a sufficient to show that such person is not afflicted with any infectious disease. SECTION 3. That the Town Council shall take all steps which may be necessary to enforce the provisions of this ordinance. Done in council this 21st day of May, 1938. [L. S.] JAS. E. COAN, Jno. J. Neil, Attest: Jno. J. Neil, Clerk of Council.
